

“ULLR Matters Update” —January 9. 2025

“Art Matters” featuring Peg Carlson Hoffman and Chuck Hoffman  
Artists, Collaborators, Therapists and Owners of Genesis+Art. <http://genesisart.org>

Peg and Chuck shared their design and art careers and how they evolved within their relationship. For both, they revealed what they wanted to accomplish with their art as well as stories of working locally and internationally, illustrated with gorgeous photos. They explored war-torn and polarized countries including Israel and Ireland and organizations close to home.

Here are photos of ULLR at lunch as well as our proud artistic couple. Next we’ll gather on February 13, 2025, to hear Holly Corbin discuss systems for leaving our digital photo legacy. <https://www.captureyourphotos.com>
