

“ULLR Matters Update” — February 18, 2025

“Making Memories Matters” featuring Holly Corbin, Founder and Owner of *Capture Your Photos* at <https://www.captureyourphotos.com/>

Holly Corbin, a Certified Professional Photo Organizer, helps families celebrate life, tell stories, and touch hearts with their photo and video collections. She believes that photos are a powerful force in building relationships and loves helping families connect, while bringing them the peace of mind knowing their memories are safe.

She gave an engaging presentation with many strategies and tips to help us think about organizing, how to let go of, and preserving our photos and memorabilia. Holly is the creator of a series of online courses called *The Photo Organizing Blueprint*, which offers step-by-step guides to organizing both your digital and printed memories.

ULLR members asked many questions and were tasked with creating photo legacies for themselves and their families. She is available for questions at <mailto:holly@captureyourphotos.com>

On March 13, 11:00 at Pittsburg Blue, Galleria, we'll enjoy a presentation by returning speaker David Jones. "History Matters" will feature **1936 Berlin Olympics: The Nazi Games**. See you there!

Please RSVP to Melinda Hoke at melindahoke@midco.net or 612-618-6919
