ULLR Matters Update, Darrell Thompson

Darrell Thompson, President and CEO, Bolder Options addressed ULLR with information about his career and approach with youth mentoring. We followed his story, beginning as a young child through high school in Rochester, MN and in college sports as Golden Gopher Football Hall of Fame. He current is a football analyst for the Golden Gophers.

Following retirement from Green Bay Packers as a celebrated running back, he developed Bolder Options in Minneapolis and Rochester as a successful mentoring program of youth 10-14. Since its establishment, they have served 4,500 youth with the promise of *Preparing Youth to Succeed in ALL of Life's Races*. <https://www.bolderoptions.org>

This is the final monthly ULLR meeting featuring ULLR Matters. With an enthusiastic response for continuing, the board is considering what will be offered in the 2025-26 season.
