Dear Ms. Keyes and all ULLR board members,

Thank you so much for your generous donation of \$1620.00 you delivered to us this past Friday. It was so nice to see you all again and I hope Kings was spectacular.

We are currently waiting on ordering the stackable chairs until one of our employees (who orders all equipment) returns from vacation, but we will do this as soon as he returns. We are anxiously awaiting the arrival of these new chairs to help with the organization and space in the ULLR Exercise Room but also so that we can ensure that all individuals are able to participate in exercising. Just last week we started working with a staff member from the YMCA to come out here 2 days a week to do some exercising in this room with our consumers and it will be nice to be able to have these chairs for these same reasons and so she doesn't have to try to deal with the current bulky and heavy chairs that are just in the way, often times.

Once again, we appreciate all that you have done to promote healthy living amongst our population and with our agency. Your donation of \$1620 will continue to help us in our mission to provide life enhancing personal growth opportunities for persons with challenges and disabilities.

Thank you so much for your generous donations and for always thinking about us!!!
